

PRESS RELEASE

Modern design and extensive standard equipment: HYMER Motorhomes presents the special edition “Ambition”

Bad Waldsee, 14 May 2018 – Under the name “Ambition”, Hymer GmbH & Co. KG is launching a special edition of the semi-integrated Tramp model ranges and the integrated motorhome B-Class ComfortLine from model year 2019 onwards. An updated interior and exterior make the vehicles real eye-catchers, with an extensive standard equipment package to complement the high-quality design.

The success story of both Tramp and B-Class model ranges began in the early 1980s, with new base vehicles leading to a renaissance in the 1990s and 00s. Now that story is entering another chapter in the shape of a special-edition version of the semi-integrated Tramp GL, CL and SL and integrated B-CL models, to be launched from model year 2019 under the name “Ambition”. From modern flair through classic chic to all-round versatility – the special edition offers the right motorhome for every taste.

In its “Ambition” models, Hymer GmbH & Co. KG has put the main focus on harmonious design with plenty of scope for individualisation, reflecting the high quality ethos of the HYMER Tramp and B-Class model range. The semi-integrated models are notable for the elegant grey metallic paintwork of the cab. The side wall decals are complemented by a blue trim strip extending virtually the whole length of the vehicle. Completing the classy overall look are details such as the gloss black radiator grille frame, the spoiler and door handles in the vehicle body colour and the headlights with LED daytime running light. The 16-inch alloy rims – also featured in the B-Class – are a further highlight of the exterior design. In terms of the interior, each model of the semi-integrated series comes in a choice of two furniture finishes. All feature a wood effect in colours to suit every taste, and can be combined with a choice of three standard upholstery materials. Other highlights include standard concertina cab blinds and a panoramic roof. The semi-integrated models of the “Ambition” edition come in a total of nine different layouts ranging in length from 6.80 to 7.79 metres.

The B-Class ComfortLine is the only fully integrated model in the “Ambition” range and, like the other vehicles, has a striking blue decal along the side. The interior is in the stylish Chiavenna Walnut finish, which can be combined with any of the three standard upholstery materials. An extra-large, 160-litre refrigerator and a roller blind with integrated mosquito net on the entrance door are also included as standard. The Hymermobil B-Class ComfortLine “Ambition” is available in three layouts with a

PRESS RELEASE

vehicle length ranging from 7.09 to 7.45 metres, making it ideal for customers who prefer large, fully integrated motorhomes.

From a technical perspective, the Ambition package offers an array of standard refinements for all special-edition models, from the 130 hp engine through the automatic air conditioning and cruise control systems to the tyre pressure sensor. As for the body, a significantly improved level of comfort is ensured by an ambient lighting system, numerous sockets and a wooden panel grating in the shower.

From July 2018, the HYMER Tramp GL, HYMER Tramp CL and HYMER Tramp SL will go on sale in a total of nine layouts, and the Hymermobil B-Class ComfortLine in three layouts.
