

HYMER

HYMER Original Parts 2020

A PERFECT MATCH!

HYMER ORIGINAL PARTS

Thank you for your interest in our range of HYMER, HYMER Camper Van, HYMERCAR & ERIBA Original Accessories. One of the goals of our corporate strategy is to provide our customers with a comprehensive, top-quality service. Which is why we also think beyond the vehicle purchase itself. We always offer our customers solutions with added value that combine an excellent fit with harmonious design – and always, of course, in the renowned HYMER quality.

HIGHLIGHTS OF OUR ACCESSORIES RANGE 2020:

- The completely new HYMER E-Bike by Flyer
- The first HYMER E-Scooter
- Our exclusive HYMER / ERIBA E-Connect System

HOW CAN I ORDER?

WHERE CAN I FIND THE FULL PRODUCT RANGE?

HYMER original accessories are not available direct from the factory, but are instead ordered and retrofitted exclusively via your HYMER dealer. You can find our full range of accessories on the internet at: www.hymer-original-zubehoer.com/en

THE HYMER E-BIKE

Mobility reinvented.

FLYER

At first glance, the new HYMER E-Bike by FLYER looks like an ordinary E-bike. The 500 Wh battery integrated into the frame and the barely visible 3rd generation Bosch motor have resulted in an extremely neat and modern design. The E-bike is manufactured by our partner and premium manufacturer FLYER from Switzerland.

▶ For further information visit www.hymer-original-parts.com/en

HYMER E-BIKE BY FLYER

The real strengths of the HYMER E-Bike by FLYER are particularly noticeable on the road – whether in the city, on a day trip or while camping, you can always enjoy maximum comfort and plenty of power while on the move. In addition, we have loaded the new E-bike with camping-friendly features. In particular, these include the very low crossbar and the low-maintenance belt drive which removes the problem of marks from dirty chain oil.

FURTHER HIGHLIGHTS:

- The exclusive HYMER design with Carrara white paint finish to match the vehicle
- Folding pedals for space-saving storage in the rear garage
- ABUS Plus locking system for even greater security
- The one-size frame that is suitable for body heights from 150 – 190 cm
- Nuvola saddle by Selle Royal (wide)
- Unique and comprehensive warranty package with 10 years warranty on the frame, **5 years on the motor, motor control, display and charger**
- Whisper-quiet Bosch Active Line Plus motor
- Bosch Power Tube battery 500 (500 Wh/13.4 AH/36 V) for increased range
- Bosch charger with 4 A output (instead of 2 A) for faster charging (100% in 4.5 hours)
- The battery can be removed for external charging in just three steps – the battery is additionally secured against theft by a battery lock
- The charging port on the frame also allows charging of the battery directly in the E-bike
- Low-maintenance 8-speed Shimano Nexus gear hub
- Speedlifter twist with height-adjustable handlebar enables tool-free rotation of the handlebar by 90° via quick release system
- Parallelogram NCX seat post by Suntour
- Permissible total weight of 149 kg (dead weight of the E-bike is 22.1 kg without battery or 25.2 kg with battery)

A complete list of equipment and specifications can be found on our website.

HYMER E-SCOOTER THE-URBAN #HMBRG

Be first in the queue at the bakery in the morning!

▶ For further information visit www.hymer-original-zubehoer.com/en

HYMER E-SCOOTER THE-URBAN #HMBRG

THE-URBAN #HMBRG is the first electric scooter from HYMER. It is certain to be your favourite companion when out and about at any holiday destination. Whether popping out for bread in the morning or for a spontaneous trip to the beach – from now on, everything is guaranteed to be twice as much fun. There is simply no cooler way to get around – naturally, THE-URBAN #HMBRG is 100% road-legal and approved. Thanks to its 10" pneumatic wheels, the #HMBRG is extremely comfortable and can even master a gravel track with confidence.

TECHNICAL DATA:

- **Top speed:** 20 km/h
- **Range:** max. 30 km
- **Dead weight:** 17 kg
- **Max. payload:** 100 kg
- **Motor power:** 350 W
- **Battery:** LI-ION 36 V, 10.4 AH
- **Charging time (230 V required):** approx. 70% in 2 hours, 100% in 4–6 hours
- **Brakes:** mechanical disk brakes, front and rear
- **Handlebar:** index finger gas handle
- **Lighting:** front and rear
- **Size (unfolded):** 115 x 55.5 x 92–112 cm
- **Size (folded):** 105 x 18.5 x 38 cm

SCOPE OF DELIVERY:

- The Urban HMBRG – HYMER Edition
- Battery charger
- Operating instructions

For additional accessories for the HYMER E-Scooter The-Urban #HMBRG see page 08.

€ 69.00

Note: The HYMER Charger (enables charging while the motorhome is on the move) is available for the HYMER E-Bike by Flyer and the E-Scooter from autumn/winter 2019.

HYMER BIKE CARRIER

With the HYMER Bike Carrier you can easily and efficiently secure up to 2 bicycles or E-bikes in the rear garage. The main element is the vertical support pole for the bicycle holding bracket, which is permanently installed inside the vehicle. The support pole can be individually adapted to your rear garage in just a few simple steps, making the actual loading process a breeze. The bicycles are first pushed into the front wheel clamping brackets, at which point they will already be able to stand unsupported. This makes it easier to fasten them using the holding bracket, meaning the bikes can be easily and securely fixed in place before departure. If required, the system can be expanded by one bicycle at a time – up to a maximum of four bicycles.

FURTHER HIGHLIGHTS:

- Very light – weighs less than 4 kg
- No fixed floor rails in the garage necessary
- No holes in the rear wall necessary (unlike with a conventional bike carrier)
- Virtually empty rear garage when not in use, the holding brackets can easily be folded to the side
- Self-assembly possible

Article No. 3099575 € 299.00
Article No. 3120304 – Extension set for 1 bicycle € 84.95

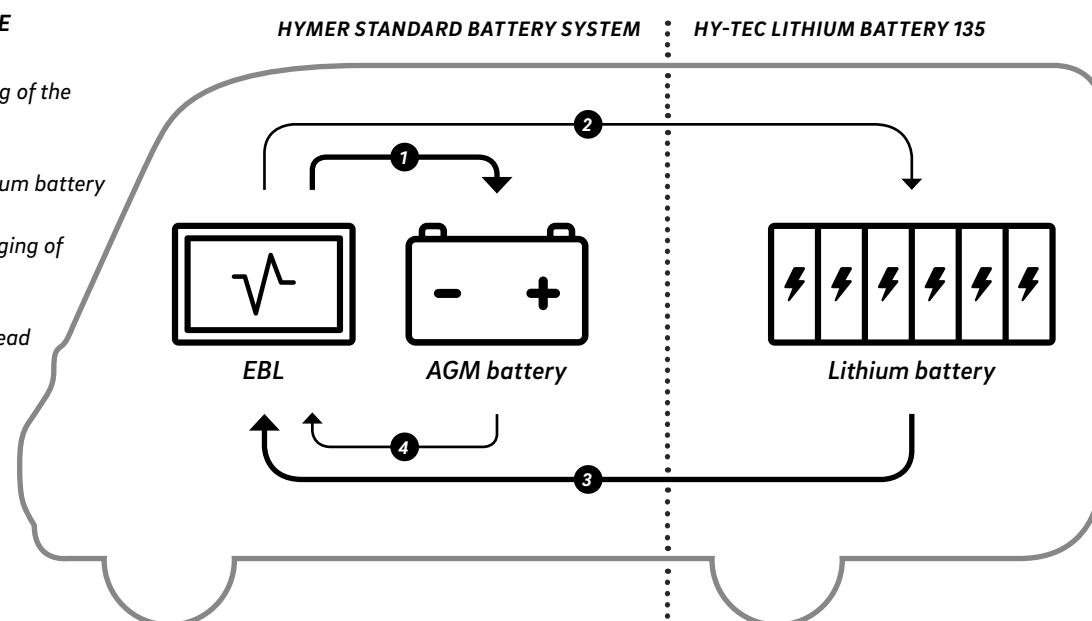

EVEN GREATER AUTONOMY WHEN TRAVELLING

HYMER Smart Battery System

Operating principle: The HY-Tec lithium battery 135 consists of six individual LE300 lithium extension battery modules, which increase the capacity and performance of the lead batteries while increasing the efficiency and service life of the overall system. The lithium batteries perform the majority of the charging cycles, while the lead batteries function as backup storage devices. The system ensures that the lead batteries are always charged first (1. **Preferential charging of the lead battery**). Any excess energy is then stored by the lithium batteries (2. **Charging of the lithium battery**). Conversely, when power is consumed, the lithium batteries are discharged first, which significantly increases the lifespan of the lead batteries (3. **Preferential discharging of the lithium battery**). The integrated discharge management ensures that the on-board power supply system is preferentially powered by the cycle-proof lithium batteries. With increased power consumption, the lead batteries are switched on to reduce the demands on both batteries (4. **Discharging of the lead battery**).

CHARGING PROCEDURE

- 1 Preferential charging of the lead battery
- 2 Charging of the lithium battery
- 3 Preferential discharging of the lithium battery
- 4 Discharging of the lead battery

ALL THE ADVANTAGES AT A GLANCE

Exclusive product: Perfectly adapted for HYMER vehicles.

Increased battery life: From approx. 3 years to approx. 10 years.

Weight savings: The 6-block offers a 5 kg weight saving with almost three times the usable capacity of a conventional second AGM 95 Ah living area battery. The 2-block brings a weight saving of around 20 kg, whereby the external dimensions of the LI battery are around 1/3 of the size of an AGM battery and provide the same usable capacity as 2 x AGM battery 95 AH.

Completely winter-proof system: With excellent advantages, especially when exposed to sub-zero temperatures as the LI battery accepts charge from the very first second, while at the same time the integrated heater warms the HY-Tec LI battery to a temperature of 10°C to enable fast charging.

Improved safety: The HY-Tec battery is a lithium iron phosphate battery (LiFePO4). This means that overheating or combustion are not possible!

Improved economy: A relatively inexpensive introduction to the world of LI batteries as the existing AGM battery can continue to be used.

Certified quality: The HY-Tec LI battery is ECE-approved has been tested by the TÜV for temperature fluctuations and vibrations.

Made in Germany: The HY-Tec LI battery is manufactured in Germany.

20 KG LESS WEIGHT WITH THE SAME CAPACITY*

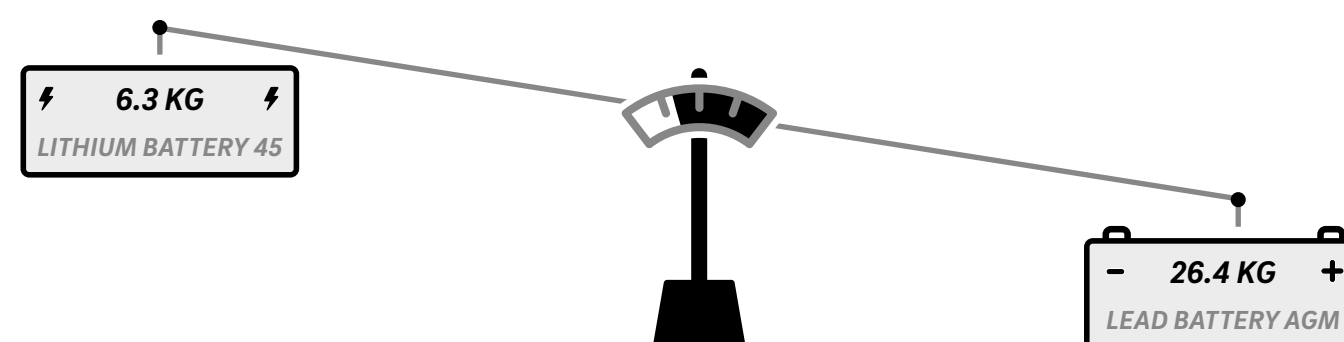

EXTENDS THE SERVICE LIFE UP TO 10 YEARS

WINTER-PROOF SYSTEM THANKS TO INTEGRATED HEATER

3-YEAR WARRANTY

NEW 2-BLOCK

Perfect upgrade expansion: The HY-Tec 45 2-block is an excellent choice for customers who want to retrofit a second battery to increase the available capacity. Compared to retrofitting another AGM battery, the existing lead battery (AGM) can continue to be used and does not need to be replaced**. An optimal solution – even when replacing the AGM batteries due to wear.

Flexible: If required, the system can also be expanded with one or more HY-Tec 45 2-blocks; this can also be done in stages.

Optional extra: Display set

Dimensions (W x H x L): 122 x 175 x 229 mm

Weight: 6.8 kg

Package contents: 1 x LI battery (2 blocks), 1 x 2-way connection cable for the AGM battery, 1 x cable set, 1 x operating instructions, 1 x 30 A fuse. Installation of the HYMER Smart Battery System must be carried out by your HYMER dealer. For further information, please contact your HYMER dealer.

Article No. 3071889 – 2-block € 799.00

6-BLOCK – RETROFIT KIT FOR BASIC SMART BATTERY SYSTEM

Package contents: LI battery 135 Ah, monitor (display), cable set for diagnostic interface, plus all required cable sets.

Article No. 2969426 € 2,490.00

6-BLOCK – SMART BATTERY SYSTEM EXPANSION PACK – 2ND LI BATTERY

Package contents: 135 Ah LI battery, 5 m communication bridging cable, 2 x twin connection cables to the LI battery.

Article No. 2969440 € 2,319.00

Note: the battery holders are not included in the package as they are vehicle-specific.

* HY-Tec lithium battery 45 compared to one 95 Ah AGM.

** Provided that this is not completely defective. Your HYMER dealer will be happy to advise you on this topic.

HYMER DUAL-LENS REVERSING CAMERA 2.0

The HYMER dual-lens reversing camera 2.0 combines camera technology and the third brake light in one housing. This provides both optical and practical benefits, such as easier and safer washing of your vehicle and no additional holes for cables or screw connections in the rear wall. The high-quality camera offers an excellent field of vision both at a distance and directly behind your vehicle. The lenses are treated with a special nano sealant that prevents misting and allows water to run off easily. With the dual-lens camera you can also view traffic to the rear. Thanks to the latest camera technology, which ensures perfect night vision, additional infrared/LED head-lights are not needed. The viewing angle of the camera is 170° to minimise the blind spot. It is also equipped with a microphone as standard.

Article No. 2968936 € 499.00

HYMER CAMPER VAN / HYMERCAR REVERSING CAMERA

The HYMER Camper Van / HYMERCAR reversing camera is elegantly integrated into the third brake light of the Fiat Ducato. This creates a very pleasing design and makes fitting the camera a simple process. The reversing camera is ideally adapted to the navigation system offered at the factory. Its main features are:

- Compact, high-resolution camera – integrated in third brake light
- Detailed image resolution with high contrast even at dawn/dusk
- Mechanically adjustable camera angle lets you set a custom field of view
- Housing made from injection-moulded plastic with stainless steel fastening bolts

Note: Scope of delivery does not include brake light or 15 m system cable.

Article No. 8501617 € 189.00

NAVIGATION DEVICE FOR FIAT-BASED MODELS

The ZE3756 was specially developed for the Fiat Ducato and optimally adapted to the original design. Easy operation is ensured thanks to the capacitive 7"/17.8 cm touchscreen with glass surface. Another highlight is the functionality offered by the integrated FreeOnTour app, which makes it child's play to transfer your route to the device. Route planning can be carried out conveniently on a PC or tablet and then transferred to the device at the push of a button via a smartphone with Bluetooth – so there is no need to enter the addresses on the device itself.

Exclusive benefits with HYMER Original Accessories: Custom start screen and FreeOnTour integration for easy route synchronisation.

- 3 years of free map updates
- 3D motorhome navigation software with maps for 47 countries, (Western/Eastern Europe + other countries)
- CD/DVD drive, DAB+ double tuner (connectivity for up to 3 cameras)
- 2 x IR remote control including Maxi-Remote, integrated 4 x 50 W power amplifier, remote control app for device operation (via Bluetooth), with audio transmission to external Bluetooth speakers or headphones

Article No. 2966014 – Fiat version ZE3756 with 7" screen € 999.00

THE PERFECT UPGRADE: MULTIMEDIA PACKAGE INCLUDING REVERSING CAMERA

Enjoy the comfort and features of the new HYMER multimedia package, which consists of the ZE3756 and the respective reversing camera integrated in the third brake light, as well as a radio switch to operate the system without turning the ignition key. As an exclusive benefit, we have built in a custom start screen and FreeOnTour (an easy, app-based route synchronisation feature). Other highlights include the (now capacitive) glass screen (very touch-sensitive – can be operated with virtually no pressure like a smartphone) and three years of free map updates for the navigation system.

HYMER: The HYMER dual-lens reversing camera 2.0 is not only designed to be barely noticeable, it also impresses with outstanding night vision performance thanks to the latest camera technology.

HYMER Camper Van / HYMERCAR: The reversing camera has been specially designed for the third brake light of the Fiat Ducato.

SPECIAL PACKAGE PRICE:

Article No. 8501572 – HYMER multimedia package with Waeco pre-cabling € 1,570.00

Article No. 8501573 – HYMER multimedia package with Camos pre-cabling € 1,590.00

Article No. 8501574 – HYMER Camper Van / HYMERCAR multimedia package for models on Fiat chassis € 1,250.00

NAVIGATION DEVICE FOR MERCEDES-BASED MODELS

Innovative multimedia for your motorhome – the Z-N956 from the Prime series is a superbly equipped 2-DIN Naviceiver. The large, capacitive 22.9 cm (9") TFT glass touchscreen (1280 x 720p) enables fully intuitive operation.

- FURTHER HIGHLIGHTS:**
- 2-DIN Naviceiver
 - Capacitive 22.9 cm (9") LCD-TFT glass touchscreen
 - DAB+ twin tuner with SLS/MOT Slideshow, dynamic station list, "Service Following", DAB<>DAB/DAB<>FM, DLS text and power supply for active antennas
 - UKW RDS radio with 18 station presets and DSP
 - "Google Android Auto integration" for Android smartphones
 - Supports up to 3 vehicle cameras, with automatic switching function, customisable guides and microphone input
 - CAM sensor button on front of device for manual camera toggle
 - Smartphone app for remote control of audio playback functions
 - RGB multicolour key illumination
 - 2 x IR remote control incl. Maxi-Remote
 - Passive (silent) cooling
 - Integrated 4 x 50 Watt amplifier
 - 3 years of free map updates

Article No. 8501676 € 999.00

THE PERFECT UPGRADE: MULTIMEDIA PACKAGE INCLUDING REVERSING CAMERA

Enjoy the comfort and convenience of the new HYMER multimedia package, comprising the Z-N956 and the dual-lens camera integrated in the third brake light. As an exclusive benefit, we have built in a custom start screen and FreeOnTour (an easy, app-based route synchronisation feature). Other highlights include the capacitive glass screen (note: this is very touch-sensitive and can be operated with virtually no pressure like a smartphone) as well as three years of free map updates for the navigation system. The HYMER dual-lens reversing camera not only features an unobtrusive, barely noticeable design, it also impresses with outstanding night vision performance thanks to the latest camera technology.

- SCOPE OF DELIVERY:**
- Z-N956 with 9" monitor – no DVD drive
 - Mercedes-Benz installation frame
 - HYMER dual-lens reversing camera (integrated into the third brake light – extremely quick to install)
 - Radio switch to start the system without turning on the ignition
 - Four adapter cables for the existing pre-cabling in the vehicle (optional extra)

Article No. 8501675 € 1,690.00

HYMER PASSENGER DOOR SAFE FOR FIAT DUCATO

The specially developed safe with its unique bolts is not recognisable as such from the outside and provides protection against theft. Simple to install, the safe is positioned behind the original equipment map compartment so there are no awkward protruding edges. It offers enough space for all the essential items you need to bring with you on holiday, such as credit cards, mobile phones, identification documents, cash, jewellery and even notebooks with screens up to 11". The lid is also protected against prying, since it is recessed and therefore offers no attack points. Made in Germany.

- **Material:** steel, body 2 mm, door 5 mm
- **Weight:** approx. 6 kg
- **Dimensions (W x H x D):** 26.5 x 21 (16) x 10.5 cm
- VdS-certified 3-bolt lock

Article No. 2862561 € 279.00

“CRIME PREVENTION” ALARM SYSTEM

Thanks to the completely new anti-burglary system/alarm system, you can feel completely safe when you go to sleep. The sensor detects people loitering within one metre of the entrance door. If the person stands still for longer than two seconds the LED light will start to flash – for a period of approx. ten seconds. If the person has not left the area in front of the door by this time, an alarm will sound inside the vehicle to warn the occupants. The person outside the vehicle will also hear the alarm. The alarm will not disturb your neighbours, however, as it is only loud enough to be heard within a two-metre radius around the vehicle. The LED serves to alert potential burglars to the fact that they have been noticed, while the subsequent alarm is designed to encourage them to desist. This alarm system has been developed to minimise the likelihood of a break-in and, in an emergency, to wake the occupants so that they can draw attention to themselves. The system is discreetly installed in the interior and can be switched on and off via the original HYMER switch.

Article No. 2803185 € 269.00

HYMER STYLING KIT FOR FRONT SPOILER

Cut a dash with the styling kit that highlights the already highly dynamic appearance of the Fiat Ducato. The two chrome rings around the fog lights provide an individual touch to round off your styling. You're an individual, and so is your HYMER!

- 4-part set
- Lightweight and easy to install
- The surfaces must first be cleaned (cleaning cloth included), and each piece is then simply stuck on, making the kit suitable for self-assembly
- Suitable for use in car washes and with high-pressure cleaners

Article No. 2734345 € 99.00

HYMER WING MIRROR CAPS

Stand out from the crowd with the HYMER wing mirror styling trim in brushed silver. The perfectly fitting wing mirror caps give the vehicle an extremely sporty appearance which matches the already sporty front-end of the Fiat Ducato. In addition to the unique visual appearance, the wing mirror caps protect the original mirror against yellowing.

- Easy to install
- The surfaces must first be cleaned (cleaning cloth included), and each piece is then simply stuck on, making the kit suitable for self-assembly
- Suitable for use in car washes and with high-pressure cleaners
- Available for Fiat vehicles

Article No. 2632757 – HYMER semi-integrated
Article No. 2604991 – HYMER Camper Van / HYMERCAR € 139.00

HYMER “PROTECT & CONNECT” POWERED BY VODAFONE AUTOMOTIVE

Effectively safeguard your vehicle against theft and rely on the Europe-wide service network of our partner Vodafone. In case of theft, alarm centres in 44 countries which share information with local police stations will ensure that your vehicle is located and recovered. These alarm centres can be contacted around the clock and will assist you when you need urgent help. However, the “My Connected Car” app also contains many other interesting features, such as geofence management and the “Car Finder”, which will reliably lead you to your vehicle’s location.

ALL THE ADVANTAGES AT A GLANCE:

- **Precise location sensing via GPS**
- **GSM cell location:** Backup location sensing via the GSM network if GPS positioning is not possible.
- **International GSM and GPRS coverage:** The SIM card features permanently activated roaming and can access most mobile phone networks, thus ensuring the best possible connection to the vehicle.
- **Europe-wide alarm centre network:** Alarm centres in 44 countries take care of location and recovery of your stolen vehicle throughout Europe.
- **24/7 service:** The alarm centres can be contacted around the clock and are ready to provide assistance when you most need it.
- **Detailed history for effective retrieval:** In case of theft, the alarm centres have access to all data relating to the theft. This data is transferred to a local police station to assist with retrieval.

- **Changing vehicles:** If you change vehicles, you can easily move the system to your new vehicle.
- **Automatic function test:** The system regularly carries out module diagnostics. If there is a fault, you will be informed.
- **“My Connected Car” app for iOS and Android with many useful features:** Live display of your vehicle’s location, “Car Finder”, logbook, geofencing and speed alert

ATTENTION:
Our theft location and vehicle monitoring services are currently only available in Germany and Austria. For this reason, the service can only be activated by customers from these countries.

Article No. 3061688 € 379.00

Note: The price of € 379.00 including VAT includes the SIM card, app usage and access to the alarm centre network for the first year. Afterwards, there will be a charge of € 59.00 per year (contract duration 12 months, the basic fee is billed in advance each year). In case of theft, a once-off additional fee of € 199.00 will be charged.

HYMER “VEHICLE DEFENCE” POWERED BY VODAFONE AUTOMOTIVE

Simply install, activate and retrieve! Use the compact, low-cost solution to find your stolen vehicle. HYMER “Vehicle Defence” features a dual GPS system that reliably tracks down every vehicle. The battery-powered system can be easily installed in any number of places in or on the vehicle. If required, it can also be refitted to a different vehicle with ease. If the vehicle is reported as stolen to the alarm centre, your system will be located the recovery procedure initiated. The retrieval of your HYMER vehicle will always be handled by the local police authorities, with whom the alarm centres are constantly sharing information.

ALL THE ADVANTAGES AT A GLANCE:

- **Small device:** can be easily concealed in the vehicle
- **Reliable:** automatically switches itself on once or twice per day for 2 minutes
- **GSM cell triangulation** if no GPS signal is received
- **Battery life:** 12–24 months (depending on the switch-on frequency)

ATTENTION:
Our theft location and vehicle monitoring are currently only available in Germany and Austria. For this reason, the service can only be activated by customers from these countries.

Article No. 3061748 € 269.00

Note: The price of € 269.00 (incl. VAT) includes the SIM card and connection to the alarm centre network for 24 months. If anti-theft vehicle tracking is activated, this service expires before the end of the 24-month period.

HYMER ALLOY RIMS

Give your HYMER a make-over with these alloy rims in Anthracite Gloss from Goldschmitt, made exclusively for HYMER. They complement the look of the HYMER motorhome fleet perfectly, adding a modern and sporty touch. Simply use the original Fiat wheel studs.

- Article No. 2726258 – **dimensions:** 6J x 16", bolt circle 5 x 130, offset 68 for Fiat X290 Heavy Chassis, **load capacity:** 1,350 kg € 299.00
- Article No. 2726252 – **dimensions:** 6J x 16", bolt circle 5 x 118, offset 68 for Fiat X290 Light Chassis, **load capacity:** 1,250 kg € 299.00
- Article No. 2795802 – **dimensions:** 6.5 x 16", bolt circle 6 x 130, offset 62 for Mercedes Sprinter (old model), **load capacity:** 1,300 kg € 299.00

Illustration shows Anthracite Gloss.

ORIGINAL FIAT ALLOY RIM KIT (4 PCS.)

With these stylish Fiat Original rims you can convert your Fiat X 290 with Light Chassis to 16" tyres. This rim is already included in the EU type approval, so you don't need an official inspection.

Retrofitting is possible for X290 models up to Euro 5+.

- Article No. 28501631 – **dimensions:** 6J x 16", offset 68, bolt circle 118, **load capacity:** 1,000 kg € 999.00

ERIBA ALLOY RIMS

Thanks to their striking appearance, these high-class alloy rims add to the stylish overall impression of the ERIBA caravan. In spite of their light weight, they also have a substantially higher load capacity than conventional steel rims. The alloy rims are available in 14" and 15" versions and in Anthracite Gloss and Crystal Silver colour options.

- 14" alloy rims: **dimensions:** 6 x 14", bolt circle 5 x 112, offset 30, **load capacity:** 1,100 kg
- Article No. 2754797 – Anthracite Gloss € 249.00
- Article No. 2754807 – Crystal Silver € 239.00

- 15" alloy rims: **dimensions:** 6 x 15", bolt circle 5 x 112, offset 30, **load capacity:** 1,100 kg
- Article No. 2754803 – Anthracite Gloss € 259.00
- Article No. 2754805 – Crystal Silver € 249.00

HYMER RETRACTABLE STORAGE BOX

The practical storage box enables the user to comfortably remove both small and large items from the floor storage compartment. The storage box glides on easy-to-assemble aluminium profiles that are screwed and bonded into place in the double floor. The loading box is sealed to prevent leakage of water. **Material:** ABS cavity profiles; **contents:** storage box with inner anti-slip mat, square aluminium profiles including fastenings.

For Hytermobil B-Class SupremeLine and B-Class MasterLine:
A special highlight is that the storage box can be extended in both directions. It can be moved ⅓ to the right and ⅓ to the left. This means that the storage box can be accessed from the right, left and even from inside the vehicle by removing the floor cover.

- Article No. 2885937 – **Compatible with Hytermobil B-Class SupremeLine 704 + 708 / B-CLASS MASTERLINE 780 + 790: Exterior dimensions (W x H x L):** 64 x 17 x 197 cm, **interior dimensions (W x H x L):** 60 x 15 x 193 cm, **kerb weight incl. aluminium profiles:** 18 kg, **Payload:** 35 kg € 499.00

In the Hytermobil B-Class ModernComfort: The storage box can be extended outwards approx. 80 cm to the left. The storage box can be accessed from the left side of the vehicle and also from the interior by removing the floor cover.

- Article No. 2993942 – **Compatible with Hytermobil B-Class ModernComfort 580: Exterior dimensions (W x H x L):** 24 x 14 x 145 cm, **interior dimensions (W x H x L):** 20 x 12 x 141 cm, **kerb weight incl. aluminium profiles:** approx. 8 kg, **payload:** 35 kg € 349.00

HYMER DOG ACCESSORIES

We began with the idea of offering dog owners a range of products that are tailored to our vehicles. Then, in cooperation with the magazine Promobil, we organised a customer workshop to develop ideas and concepts. The result is our HYMER dog accessory range, for which we received the European Innovation Award.

HYMER ALUMINIUM DOG BOX

After removing the cushions, the space-saving dog box is simply fastened to the seating area with its specially designed strap system. Lunch breaks or coffee stops are no problem, as the table – including legroom – remains completely clear. Your dog can get in and out of the dog box comfortably and the optionally available entry protection guard ensures your furniture won't suffer either. The dog box was developed in cooperation with the Schmidt company – the market leader for premium dog boxes. The high-quality Schmidt aluminium dog box is a perfect fit for most HYMER motorhomes. The attractive design with special strap system and foam wedges ensures both safety and comfort. The box contains a tailor-made, easy-care rubber mat as a mattress for your dog, the underbody is equipped with an anti-slip fabric.

- **Weight:** approx. 15 kg
- **Dimensions (W x H x D):** 43 x 52 x 65 cm or 43 x 59 x 75 cm

Article No. 2741299 – HYMER dog box, small € 799.00
Article No. 2741304 – HYMER dog box, large € 829.00
Article No. 2857243 – Universal sill protector for HYMER dog box € 30.00

HYMER DOG BED WITH COMFY CUSHION AND LEAD

Thanks to its clever design, this tailor-made dog bed can be used in two ways: in the travel position (under the table) or in the living position (in front of the passenger's seat). Your dog is always with you, yet everyone at the table enjoys plenty of legroom. The dog bed is made from robust imitation leather which is easy to clean and coordinated with the interior colour scheme. Also included is the HYMER dog lead flex&leash for reliable fastening of your dog during travel. The comfy cushion insert is also equipped with a non-slip underside.

- **Cushion insert upper material:** 45% polyester, 40% polyacrylic, 15% cotton
- **Underside material:** 100% felt with white coating and PVC patches
- **Washable at:** 40°C, hand wash only, not suitable for tumble drying
- **Weight:** 4 kg

Article No. 3122604 – for Mercedes from model year 2019 € 199.00

HYMER FIX&LEASH EYELET

A specially designed fixing point on the chassis for all HYMER motorhomes. From the outside, all you can see is a fastening eyelet under the bottom side flap. Here you can securely tie up your dog, or fasten a steel cable to secure camping furniture or bicycles. The holder is always positioned on the right-hand side of the vehicle, directly adjacent to the access steps. The set contains all the required screws for easy self-assembly.

- **Material:** hot-dip galvanised steel
- **Eyelet holding force:** 200 kg

HYMER ORGANISER

The organiser is easily integrated into the standard main entry door in place of the elastic straps. The base and pockets are made of moisture-resistant waterproof material. Both pockets snap on and off with poppers and are sealed with flexible Velcro tape. A fun detail is the insert pocket on the front for a picture of your choice.

- **Pocket dimensions (W x H x D):** 20 x 13 x 7 cm and 17 x 13 x 7 cm
- **Sleeve dimensions:** for 9 x 13 cm photo
- **Pocket material:** PVC
- **Max. load:** 5 kg

Article No. 2741310 € 65.00

HYMER DOG LEAD (FLEX & LEASH)

The HYMER flex&leash dog lead is simply wrapped around the table leg and features a secure lock at the end which can be snapped into the dog harness. The lead can be extended from 85 cm to approx. 150 cm for a greater range of motion.

- **Weight:** approx. 400 g
- **Length:** 85 – approx. 150 cm
- **Material:** PVC
- **Max. load:** 150 kg

Article No. 2740164 € 17.95

HYMER BICYCLE RACK WITH SUCTION CUP

Developed exclusively for HYMER, this bicycle rack can be attached to any smooth surface. It is designed as a quick and easy way to secure bicycles (especially those without stands) to the vehicle, as there isn't always a handy nearby object to attach them to. If fitted correctly, the suction cup can be used for many days without having to re-attach it.

- Extremely high holding force
- 45 cm holding bracket with quick release skewer
- 100% stainless steel – 100% water-resistant

Article No. 2650267 € 99.00

HYMER AWNING HOLDER WITH EYELET

The HYMER awning holder is a useful everyday aid and can be attached to any smooth surface. It is suitable for a wide range of uses, e.g. for attaching awnings or securing a pet's lead. If fitted correctly, the suction cup can be used for many days without having to re-attach it.

- Very easy to install
- Extremely high holding force of 25 kg
- 100% stainless steel – 100% water-resistant

Article No. 2684848 € 74.00

HYMER MINI SUCTION CUP RANGE

The mini suction cup range from HYMER is characterised by the usual tried-and-tested quality, and now offers even more functions. As always, the entire housing is made of stainless steel and is engraved with the HYMER logo. Its high degree of attachment flexibility makes this item a must-have.

- Easy to install
- Extremely high holding force of 8 kg
- 100% stainless steel – 100% water-resistant

Article No. 2646709 – HYMER universal holder/shower head holder € 49.00
Article No. 2644586 – HYMER-towel holder € 49.00
Article No. 2641868 – HYMER kitchen roll holder € 49.00

KITCHEN RAIL

The rail, which is factory installed in the HYMER kitchen, can be used and expanded in a variety of different ways with the following original accessories.

HANGING HOOKS

With these high-quality and ultra-sturdy metal hooks you can hang your kitchen utensils such as pot-holders and tea towels at your desired position on the rail.

- **Contents:** set of 3 metal hooks
- **Design:** matt silver
- **Material:** metal

Article No. 3111927 € 9.95

PAPER TOWEL HOLDER

The paper towel holder features adjustable mounting, meaning your kitchen paper will always be close to hand. To mount, simply twist in each of the fixtures on the left and the right.

- **Length:** 29 cm
- **Material:** aluminium

Article No. 3105891 € 29.95

SPICE RACK

With the aid of the rubber retaining band your spices will remain securely stowed in the rack, even when the vehicle is on the move. The rack can be quickly and easily mounted by twisting both ends into the rail.

- **Design:** matt silver
- **Material:** aluminium

Article No. 3106146 € 29.95

COFFEE POD HOLDER

The pod holder can be adjustably mounted to the rail and provides space for up to 6 coffee pods. Of course, there is plenty of space to mount multiple pod holders side by side – an option that coffee lovers will appreciate.

- **Material:** aluminium / Plexiglas

Article No. 3106158 € 29.95

HYMER FRONT WINDSCREEN INSULATION MAT SET

This set includes the right and left piping rails for the insulating mat, as well as the cover caps. This high-quality winter insulation mat is characterised by excellent durability and a user-friendly attachment method. PVC outer material with fabric inlay (No film!). Mat material remains flexible at temperatures as low as -30°C. **Packed size (W x H x D):** 75 x 28 x 28 cm, **weight:** approx. 4 kg.

Contact your dealer for the article number corresponding to your vehicle model. € 425.00

SUNBLIND

Opaque PVC-coated textile fabric – provides privacy and protection from direct sunlight and heat, while simultaneously allowing an unobstructed view from the inside. A perfect fit is guaranteed and installation is a breeze – available for integrated and semi-integrated motorhomes. For integrated vehicles, a piping rail on the right side is necessary. (Not included in the scope of delivery.)

Contact your dealer for the article number corresponding to your vehicle model. from € 105.00

HYMER PROTECTIVE COVERS

The original HYMER protective covers made from 100% polyester are pleasing in every detail: they provide an optimum fit, a design that matches the interior, low-friction fleece padding for easy fitting and a long lifespan thanks to particularly tightly quilted seams which are reinforced in the entrance area. With a 4 mm-thick breathable foam lining, the back rest cover transfers body heat away to the rear for added comfort, even on long journeys. Available in beige and graphite, machine washable at 30°C on a delicate cycle. Includes one pair of protective covers (2-piece set) comprising separate covers for the seating surface and backrest (including rear pocket) and two pairs of arm rest covers.

Available for all models. Contact your dealer for the article number corresponding to your vehicle model. € 299.00

HYMER FOLD-DOWN BED ORGANISER

Ideal extra storage for HYMER owners who rarely use the fold-down bed. Simply remove the mattress for the fold-down bed and insert the made-to-measure organiser. The 8-piece set of boxes with inserts is made from sturdy, hard-wearing plastic cavity profiles with fabric covers. For optimal stability, all the boxes have double floors (with the HYMER logo). For optimal protection, all the corners of the boxes are reinforced with knock-resistant plastic corners. Also included are a storage bag for the boxes when not in use and a retaining strap that keeps the fold-down bed in place when the boxes are installed. For vehicles with an outside width of 2.35 m and a wider fold-down bed, the supplied inserts can also be used as an umbrella compartment. **Packed size (W x H x L):** 720 x 220 x 1,220 mm, **weight:** approx. 5.0 kg, **max. load:** 15 kg, **weight reduction by removing the mattress:** 7 kg. Fits all integrated motorhomes.

Article No. 2641884 € 299.00

HYMER CAB CARPET

The HYMER cab carpet is a perfect fit: hard wearing, easy-care polypropylene tufted velour with bonded heel protector and rubber granulate underside. Also equipped with fixing points to prevent slipping. Can be customised with a premium nubuck border and double-stitched design, and with the HYMER logo.

Contact your dealer for the article number corresponding to your vehicle model.
For semi-integrated HYMER motorhomes € 99.00
For integrated HYMER motorhomes € 115.00

HYMER LIVING AREA CARPET

Enhance the visual appeal of your living area with our light brown carpeting that is made especially for your vehicle. The material meets HYMER's high quality standards and feels pleasantly soft to the touch. At the same time it is easy to maintain and consists of several sections for easy removal. The underside is covered with rubber granulate to prevent slipping. Available for all vehicles of the HYMER, ERIBA and HYMER Camper Van/HYMERCAR brands from model year 2018.

Weights by model range:
HYMER: approx. 10 kg, HYMER Camper Van/HYMERCAR: approx. 5 kg, ERIBA: approx. 8 – 10 kg

Contact your dealer for the article number corresponding to your vehicle model. € 499.00

HYMER ELECTRIC BLANKET

The HYMER electric blanket ensures that your bed is perfectly toasty and warm so you can enjoy a relaxing and sound night's sleep. Thanks to GS-tested quality and the automatic switch-off function after 180 minutes, you can sleep for as long as you wish without a worry in the world. The electric blanket with four temperature settings is the perfect size to keep one person warm. One particular highlight is that you can conveniently use the electric blanket when you are on the road, as it only needs to be plugged into a 12-volt socket.

- **Temperature levels:** 4 levels with automatic shutdown after 180 minutes (sleep timer)
- **Material:** polyester
- **Colour:** natural white (unbleached)
- **Dimensions:** 1,550 x 600 mm
- Extra long connection cable (3.5 metres)
- **Power consumption:** 4.4A / 60W
- **Power connection:** 12 Volt
- GS-certified quality
- **Care instructions:** wash at 30°C
- Removable controller with HYMER logo
- **Weight:** approx. 2 kg

Article No. 3082515 € 99.99

HYMER CAMPER VAN / HYMERCAR POP-TOP ROOF INSULATION

Enjoy your sleep while being protected against the cold in a homely atmosphere with our 4-part pop-top roof insulation developed exclusively for our HYMER Camper Van / HYMERCAR model range. Thanks to the sandwich construction, the pop-top roof is noticeably better insulated from the cold. The individual elements are fixed directly to the upper edges by Velcro tape (Fiat)/magnets (Mercedes) stitched onto the roof lining. The front element can be opened via two zips in order to let in light and fresh air.

Pictured: Rain and Sun Blocker in combination

Pictured: the perfectly fitted adapter with ERIBA Logo

ERIBA NOVA AWNING INCLUDING ADAPTER WITH LIGHTING (MODEL 2020)

The ERIBA NOVA awnings blend harmoniously into the overall appearance of the vehicle. In addition to ensuring a perfect fit, the awning adapter also places special emphasis on the lighting, which can be operated via a separate switch – also dimmable on request. Due to the full-surface bonding of the adapter on the roof, the rainwater is discharged laterally from the awning.

FURTHER HIGHLIGHTS: The sturdy jointed arms allow optimal extension of the canopy. The design is more aerodynamic and also has a quieter action. The end caps of the adapter feature the ERIBA logo.

ERIBA TOURING AWNING INCLUDING ADAPTER

Exclusively developed for the ERIBA Triton model range, the new awning and adapter are notable for their perfect fit. They are designed to create a harmonious appearance on the ERIBA Touring and Troll. The adapter comes as standard with LED lighting that can be controlled by a separate switch. The entire surface of the adapter is fixed firmly to the roof with adhesive, creating a waterproof bond. Rainwater is channelled away to the sides of the awning. Suitable for all ERIBA Touring models from 2007.

FURTHER HIGHLIGHTS: The sturdy jointed arms allow optimal extension of the canopy. The design is more aerodynamic and also has a quieter action. The end caps of the adapter feature the ERIBA logo.

ERIBA SUN CANOPY

With a depth of 300 cm, the ERIBA Touring sun canopy offers more shade and, when used with the side and front walls, it also generates more living space by comparison with other similar awnings or canopies. The shape of the roof creates a pleasant feeling of space and enables water to run off perfectly. The canopy is attached by inserting it into the original awning rails and the IXL fibre-glass poles (with a stable central crossover) are fixed using the original ERIBA awning eyelets. A very stable and visually pleasing attachment to the ERIBA Touring. Optionally available: matching front and side walls that can be retracted using zip fasteners. The ERIBA Troll versions also fit ERIBA Feeling models. In this case, the awning eyelets are needed for the second piping rail.

The bicycle rack cannot be extended.	

HYMER NANO SEALANT	
HYMER nano sealant (contents 200 ml) is a highly effective dual-component surface coating based on chemical nanotechnology. It has a long-term repellent effect on watery and oily liquids and reduces soiling. It provides lasting protection for your paintwork, making it quicker and easier to clean. That way, your vehicle will keep its shine – and its value – for a long time to come. Usable for all materials except acrylic. Advantages: latest nano-technology, green technology, dirt-repellant effect, less cleaning required, water and oil-repellant, rain rolls off, silicone-free, non-toxic, colourless and visually neutral, improved scratch-resistance, long-term effect (for 1 season) and UV-resistant.

ERIBA TOURING WINTER CANVAS

The new protective winter canvas, specially designed for the ERIBA Touring, is a perfect fit and can be attached in just a few minutes. The three-piece set consists of left and right side walls and a roof piece that overlaps the side walls and is then harnessed in position. The roof canvas can also be used without the side pieces to temporarily protect the caravan from getting dirty, for example from tree sap. The material is very light, breathable (water-repellent on top but air-permeable from below, allowing condensation to dissipate outside) and notable for its tear-resistance. **Material:** 3-ply SFS 3 nonwoven. **Weight:** 7 kg. **Includes:** 3-piece set (right, left and roof) and storage bag. **Note:** also fits vehicles with an awning.

- Article No. 2875769 – for ERIBA Touring Familia € 599.00
- Article No. 2875768 – for ERIBA Touring Triton € 599.00
- Article No. 2874838 – for ERIBA Touring Troll € 599.00

A central strip is needed when using the winter canvas on ERIBA Touring vehicles of model year 2011 and earlier. This is attached at the rear between the existing side parts using the Velcro strips. **Material:** 3-ply SFS 3 non-woven. **Weight:** approx. 2.5 kg.

- Article No. 2968957 € 50.00

ERIBA TOURING HUBCAPS

The high-gloss hubcaps from the special model ERIBA Rockabilly are now also available for retrofitting – the perfect way to enhance the retro look of the ERIBA Touring model range. Their nostalgic design makes them a real alternative to alloy wheels. Mounting the hubcaps is incredibly easy – they are simply snapped into place. Furthermore, corrosion is not an issue thanks to their stainless steel design. **Weight:** approx. 1 kg.

- Article No: 2932025 – 14" hubcap (price each) € 59.00

ERIBA TOURING AND FEELING – POP-TOP ROOF INSULATION

The 2-piece set is clipped in front of the canvas of the pop-top roof with a magnetic clasp, the bottom half of the magnet having been positioned in advance. The curtain is then simply positioned behind the roof edging strip, providing excellent insulation and blending harmoniously into the interior. Both curtains are then fastened to each other with Velcro. This allows the pop-top roof to also be used in cold weather without any problems.

- **Material:** sandwich construction of velour and HDPE fabric
- **Lining:** 10 mm PES fleece
- **Weight:** 3 kg
- **Set includes:** 2 insulating curtains with sufficient quantity of FIDLOCK magnet clasps, storage bag

- Article No. 2875767 – for ERIBA Touring Familia € 229.00
- Article No. 2875766 – for ERIBA Touring Triton € 229.00
- Article No. 2875764 – for ERIBA Touring Troll € 229.00
- Article No. 2942050 – for ERIBA Feeling € 259.00

ERIBA NOVA WINTER AWNING

A snug fit to your motorhome is guaranteed by the extra-wide foam cushions, curved pressure rods and the special connection profile on the vehicle – no additional eyelets are needed. Made of PVC-coated polyester, the awning is easy to clean; water and snow simply roll off. Furthermore, it also comes with round wheel arch covers, integrated fixing corners in the awning roof and steel tubes with a 50% thicker galvanised coating and the T-Rex rapid clamping system. **Dimensions:** 220 x 180 cm. **Weight:** 20 kg.

- Article No. 2483627 – up to model year 2019 € 885.00
- Article No. 3121601 – from model year 2020 € 785.00

RUBBISH BIN

Large volume rubbish bin for retrofitting. **Weight:** approx. 1 kg.

- Article No. 2301788 – ERIBA Touring und ERIBA Nova Light € 75.00
- Article No. 1957736 – ERIBA Nova GL and SL € 75.00

ERIBA TOURING CHILDREN'S BED FOR FRONT SEATING AREA

An extra, temporary berth can be conjured up in next to no time with the ERIBA Touring child's bed. It can be assembled in seconds by sliding the front edge of the bed into the table attachment rails, then simply hooking it up to the roof with two straps. And there you have it – a comfortably sized, cosy bunk bed. Needless to say, the bed comes with a comfortable foam mattress and a bed guard to prevent falls. And we've also made a point of ensuring sufficient light above the lower bunk, thanks to three large cut-outs in the vertical top bunk support. Suitable for all ERIBA Touring models with a transverse front seating area.

- **Total weight:** approx. 11 kg
- **Bed incl. fall guard:** 7 kg
- **Mattress:** 4 kg
- **Load capacity:** 50 kg
- **Surface area:** 182 x 75 cm
- **Mattress material:** 35 mm cold foam
- **Filling:** 100% polyester
- **Cover fabric:** 100% cotton, washable at 30°C

- Article No. 2807439 € 469.00

E-CONNECT INCLUDING E-LEVEL & E-VOLT

The E-Connect is the centrepiece of the system. The module is connected to a 12 volt supply and then receives data which is sent to your smartphone via Bluetooth. With the aid of the user-friendly E-Trailer app you can then access essential data about your motorhome or caravan at your convenience. Also included in the contents are the "E-Level" and "E-Volt" modules which are activated simply by scanning the QR code.

- Advantages of E-Level:**
- Reliable overview of the orientation of your vehicle
 - No need for conventional levelling aids, e.g. a spirit level
 - Automatic display helps to ensure perfect levelling

- Advantages of E-Volt:**
- Reliable overview of your current energy status
 - Indication of low battery level

Article No. 3039852 – for HYMER motorhomes,
HYMER Camper Van / HYMERCAR _____ **€ 219.95**
Article No. 3081253 – for ERIBA caravans _____ **€ 219.95**

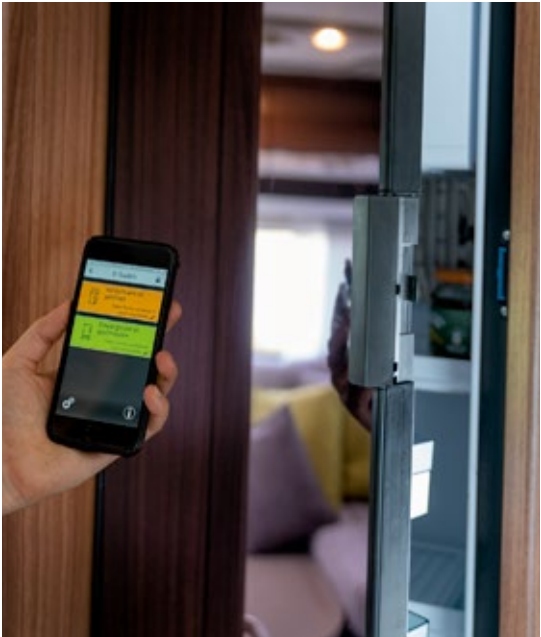

"E-PRESSURE" FEATURE

With the "E-Pressure" module, you can keep track of the current tyre pressure and tyre temperature, even while driving. To install E-Pressure, simply replace your current valve caps with the new E-Pressure valve caps.

- Advantages:**
- Precise measurements are also possible while driving
 - If the tyre pressure is too high or too low, a warning signal (alarm tone) is activated on your smartphone
 - Optimised fuel consumption through perfect tyre pressure
 - The E-Pressure valve caps are fitted with anti-theft security rings
 - Suitable for vehicles with 2, 4 and 6 tyres
- Package includes 2 valve caps for two tyres

Article No. 3039870 – for HYMER motorhomes,
HYMER Camper Van / HYMERCAR _____ **€ 99.95**
Article No. 3063743 – for ERIBA caravans _____ **€ 99.95**

"E-SWITCH" FEATURE

With the "E-Switch" module you can easily check to see if windows, doors or roof hatches are open. If they are, an alarm will sound on your phone as you pull away.

- Advantages:**
- In case of open windows, doors or roof hatches a warning signal (alarm tone) is activated on your smartphone
 - Multiple E-Switch sensors can be installed without a problem
- Package includes 2 E-Switch sensors

Article No. 3063748 – for ERIBA caravans _____ **€ 59.95**

"E-TEMPERATURE" FEATURE

With the "E-Temperature" module, you can permanently monitor the temperature and humidity in your refrigerator, allowing you to react when needed. Thanks to the E-Trailer app, this task couldn't be simpler. Consequently, spoiled groceries will be a thing of the past.

- Advantages:**
- A warning signal in the form of an alarm tone on the user's smartphone is activated if the temperature falls below or exceeds a preset value
 - Multiple E-Temperature sensors can be used simultaneously
- Package includes 1 E-Temperature sensor

Article No. 3063753 – for ERIBA caravans _____ **€ 39.95**

HYMER FITTED SHEETS

The made-to-measure Original HYMER fitted sheets can be recognised by their excellent fit. The material is a mix of polyester, cotton and elastane and feels pleasantly soft. Furthermore, the fitted sheets stay nice and soft and retain their shape even after regular washing. HYMER fitted sheets are machine washable at 60°C.

- **Material:** 61.58% polyester, 38% cotton, 0.42% elastane; STANDARD 100 by OEKO-TEX®

Article No. 2849441 – Fixed bed / transverse bed, grey / beige	€ 59.95

Article No. 2849451 – Top centre piece for twin beds, grey / beige	€ 29.95
Article No. 2849452 – Bottom centre piece for twin beds, grey / beige	€ 29.95

Note: HYMER fitted sheets are custom-made according to the vehicle's serial number and are priced individually.

Paisley bed linen

Migratory Birds bed linen

HYMER BED LINEN

Healthy sleep is one of the most fundamental human needs. By choosing HYMER bed linen from ESTELLA, you will be getting a special premium quality product. You are sure to be impressed by the quality of the unique maco cotton interlock jersey – just feel the difference! The key product features are: 100% super-combed Egyptian maco cotton – yarn count Nm 100/1 (100 metres of this yarn weighs just 1 gram) – feels very pleasant to the touch, non-iron and dryer-proof, easy-care and dimensionally stable (no warping possible – guaranteed not to shrink after washing). In addition, the zips come with a lifetime warranty. Tested in accordance with STANDARD 100 by OEKO-TEX®. **Test certificate:** Confidence in Textiles (ingredients are free of contaminants and skin-friendly).

The exclusive design matches the colour scheme of HYMER and ERIBA vehicles. **Dimensions:** pillow 40 x 80 cm, cushion 50 x 50 cm, duvet 135 x 200 cm. The bed linen comes with one complimentary 50 x 50 cm cushion cover.

Article No. 2860118 – HYMER cushion filling, size: 50 x 50 cm, Material: 100% polyester	€ 19.95

HYMER MATTRESS TOPPER

Suitable for allergy sufferers, the HYMER mattress topper ensures maximum comfort while you sleep thanks to specially developed Visco foam. It is breathable and quickly absorbs moisture, transferring it to the centre layer and the sides. The foam adapts to the body's contours, distributing body weight more evenly, for improved circulation and greater comfort even when lying down for long periods. The cover is machine washable at 60°C and impresses with its modern HYMER design and soft surface, while the non-slip dimples on the underside prevent the mattress from sliding off the base.

- **Material:** (cover) 61% polyester and 39% cotton, (filling) 100% polyester
- **Height:** 5.5 cm (foam 4 cm + 1.5 cm padding)

Article No. 2430527 – Fixed bed/transverse bed	€ 240.00

Set for Duomobil consisting of one topper for fold-down bed and two toppers for foot sections. Article No. 8501235	€ 365.00

Note: HYMER mattress toppers are custom-made according to the vehicle's serial number and are priced individually.

PREMIUM PERFORMANCE DUVET AND PILLOW

The original premium performance duvet is notable for its exclusive quilting and unique border. It consists of a light and airy cotton cover and performance textile filling. The filling fibre mix bounces back after washing so that the duvet returns to its original volume. It has excellent temperature and moisture-regulating qualities and is very easy to care for. Non-bulky, it can be easily stowed away, saving on storage space. The premium pillow is made to the highest standards and has a unique 3-part structure, making it especially easy to adjust to your preferred height.

- **Duvet:** 135 x 200 cm
- **Cover:** back and front fine batiste made from 100% finest cotton, super combed, especially long fibres, pre-shrunk
- **Filling:** technical fibres, 100% polyester
- **Pillow:** 40 x 80 cm
- **Cover:** 100% ultra-fine cotton, pre-shrunk
- **Filling (casing):** technical fibres, 100% polyester
- **Filling (wadding):** fine and heavy-duty volume fibres, 100% polyester, suitable for tumble drying, machine washable up to 60°C, made in Germany
- **Weight:** duvet and pillow each approx. 1 kg

Article No. 2812898 – Duvet	€ 149.00
Article No. 2860267 – Pillow	€ 79.95

HYMER CHILDREN'S BED

A spare bed for all HYMER motorhomes and HYMER Camper Van/HYMERCAR models based on a Fiat or Mercedes-Benz chassis – ready to use in the blink of an eye. The metal supports delivered with the vehicle (1 piece for Fiat and 2 for Mercedes-Benz) are placed in the tracks of the driver's seat and provide the base for the mattress. The mattress has been designed to fit the contours of the dashboard perfectly and is impressively comfortable. The bed can be mounted and dismantled again from inside the cabin, even with the doors closed.

- **Load capacity:** 50 kg
- **Surface area:** 160 x 70 cm
- **Packed size (W x H x D):** 100 x 70 x 25 cm
- **Weight:** Fiat approx. 9 kg, Mercedes approx. 10 kg
- **Material:** (cover) 100% polyester / imitation leather, (filling) polyether polyurethane foam

Article No. 2862559 – for Fiat	€ 299.00

1/ WEEKENDER

The HYMER Weekender boasts a large main compartment, four internal compartments on the longer sides and two internal compartments on the smaller sides that make it easy to keep the contents organised. The external zipped compartment permits quick access to important utensils. In order to ensure maximum comfort, this travel bag is equipped with a carrying strap complete with comfortably cushioned shoulder pad and two carrying handles. As a further highlight, the spacious HYMER Weekender boasts a frame opening. This feature ensures that the bag cannot close by itself, thus making packing much easier. The integrated wet compartment means that wet bathing clothes can be transported without any problems.

Colour: exterior: grey melange / interior: blue, **material:** 100% polyester, **dimensions (W x H x D):** 60 x 40 x 30 cm, **care instructions:** wash at 30°C, not suitable for tumble drying.

Article No. 3002051 € 39.99

2/ TOILETRY BAG

The HYMER toiletry bag boasts cleverly divided compartments: one large main compartment with netting, four storage compartments and, in addition to the toothbrush holder, two additional zipped compartments in the cover flap. It goes without saying that it also features a mirror and a sturdy hook for hanging. The toiletry bag also comes with a wet compartment on the side which can be used to store wet flannels, for example.

Colour: exterior grey melange / interior blue, **material:** 100% polyester, **dimensions (W x H x D):** 25.8 x 21 x 8 cm, **volume:** 3 l, **care instructions:** wash at 30°C, not suitable for tumble drying.

Article No. 3001915 € 24.90

3/ CAP

The modern HYMER cap is the perfect accessory for all HYMER fans! The size can be adjusted at the back of the crown, making it a perfect fit for all head shapes. It boasts a hexahedral design for ideal wearing comfort and the six embroidered air holes ensure improved breathability. The modern, blue sweat band draws moisture away from the skin.

Material: peak: 100% cotton, crown: 90% polyester / 10% viscose, **care instructions:** hand wash only, not suitable for tumble drying.

Article No. 2987735 € 19.99

4/ UMBRELLA

Stay dry in all weathers. The Teflon-coated fabric effectively repels water droplets, while the EVA hard foam handle keeps your hands dry too.

Colour: HYMER blue

HAPPY HOLIDAYS, GUARANTEED.

With the Erwin Hymer Group (EHG) warranty for new vehicles – in partnership with CG Car-Garantie Versicherungs-AG.

The purchase of a motorhome or caravan is something truly special. It gives you the freedom to travel independently whenever and wherever you want – your home will always be with you. We want you to enjoy carefree days and weeks in your holiday home on wheels.

This also means giving you peace of mind at all times. With the EHG warranty for your motorhome / caravan, you are fully protected against unexpected repair costs. Even with a faultless vehicle, there is always the possibility of damage further down the road.

Get started today! When it comes to your motorhome / caravan, the EHG extended warranty for new vehicles reliably protects you from

unwelcome financial surprises – even after the end of the warranty period. You can request the warranty for 12, 24 or even 36 months from your authorised dealer. In the case of the EHG extended warranty for new vehicles, Car-Garantie will be liable for the full labour and material costs in the event of a warranty claim – even if your vehicle suffers multiple instances of damage, naturally. There is no excess to pay.

- Comprehensive coverage of repair costs
- Valid throughout Europe
- Liquidity protection in case of repair
- Exclusive use of original parts
- Increases the value of your vehicle
