

# Hymer's new products for 2022

**Bad Waldsee, 18 August 2021 – Hymer GmbH & Co. KG is delighted to present its new products for the upcoming 2022 model year from the Hymer Motor Caravans, Eriba Caravans and Hymer Original Parts divisions.**

## **Digital upgrade for the Hymer B-Class ModernComfort**

Hymer GmbH & Co. KG is continuing to push ahead with digitalisation this year and Hymer Connect will come as standard for the Hymer B-Class ModernComfort model range from now on as well. The smart ecosystem combines the controls for numerous vehicle components as well as the display of vehicle information in one single digital platform, making it the industry's first connectivity solution of its kind for the connected motorhome. Using the Hymer Connect app and the B-Class ModernComfort's redesigned control panel, all of the smart features can be controlled in a simple and intuitive way. From the perfect mood lighting and room temperature to automatic arrival and departure scenarios – with this digital upgrade, Hymer is taking the second model range from its product portfolio after the B-Class MasterLine to a whole new level in terms of comfort and connectivity.

More information about the Hymer Connect app can be found [here](#).

## **Hymer T-Class S 585: New layout, new standards**

With the T-Class S 585, Hymer is presenting a completely revised layout of its popular model range and setting new standards where comfort and features are concerned. Measuring 7.09 metres in length, the T-Class S 585 boasts a spacious interior featuring an extra-wide side couch, two comfortable twin beds, a floor-to-ceiling wardrobe and a spacious vario bathroom with a clever swivel solution. Numerous driver assistance and multimedia systems ensure that your trips are safe and comfortable. The large, illuminated garage at the rear offers plenty of storage space for your camping equipment, bikes, and so on – there are also lashing rails for securing larger pieces of luggage, such as sports equipment, as needed.

More information about the Hymer T-Class S 585 can be found [here](#).

## **Eriba Nova 565: Generous feeling of space for the whole family**

The Eriba Nova 565 is now available from dealers in the "Trend" and "Ambience" lines. The popular Nova model range is characterised by its innovative CLIMADUR body shell design with outstanding insulation properties, as well the curves for which the Nova is renowned. The 565 layout features a large double bed, which can be partitioned off with the help of a half-height room divider, a spacious bathroom with a separate shower, up to three bunk beds, as well as a cosy U-shaped seating area. The new layout also offers plenty of storage space for bulky items under the double bed and thanks to the large garage door as well as the bunk bed, which can be folded up out of the way, making it especially suitable for families of up to five.

More information about the Eriba Nova model range can be found [here](#).

**Hymer Backrack+: Modular rack for even more storage space**

Hymer Original Parts is expanding its product range with the Hymer Backrack+. The innovative design of the modular system for Hymer camper vans on a Fiat Ducato chassis is opening up new ways of creating additional storage space at the rear of the camper van, which can be used in unique ways. Whether you use it for bikes, e-bikes, aluminium boxes, or a spare wheel – with the Hymer Backrack+ as the base and the matching rack accessory, storage space can be easily created with a load capacity of up to 80 kg. Other components, like a ski/snowboard rack, will be added to the range of Hymer Backrack+ products in the future, making the system even more versatile.

More information about the Hymer Backrack+ can be found [here](#).
