

# New layout offers greater comfort: Eriba Feeling 515 and Nova Light 515 can accommodate up to seven people

- **Due to their low dead weight, ample storage space and up to seven berths, both caravans make the perfect travel companions for families.**
- **The Eriba Feeling 515 and Nova Light 515 feel incredibly spacious, despite their compact vehicle dimensions.**

**Bad Waldsee, 27 June 2022** – The Eriba Feeling and Nova Light models now feature new 515 layouts. The two family-friendly caravans guarantee the level of comfort you would expect from Eriba and feel like a home from home. Thanks to their storage space, generous headroom and low dead weight, the two highly manoeuvrable caravans have plenty of extra room for all your luggage. The tried-and-tested PUAL design ensures reliable, complete insulation, so the temperature inside is always comfortable. The compact Eriba Feeling 515 is characterised by its low body height and aerodynamic properties, as well as a pop-top roof. When opened, a headroom of 198 cm can be created in just a few simple steps. With its total height coming in at 257 cm, the Eriba Nova Light 515 also offers a generous headroom of 198 cm. Matthias Binder, Eriba Brand Manager, said the following about the new models: “The Feeling 515 and Nova Light 515 are the perfect additions to our model ranges, offering a highly flexible layout with plenty of space and up to seven berths.”

Clever, space-saving designs are what both caravans share in common on board. The overhead lockers, cabinets, drawers and storage compartments have been thoughtfully laid out, ensuring that everything you need when travelling has a home. A raised transverse bed at the front measuring 140 x 200 cm, a bunk bed at the rear measuring 75 x 200 cm as well as a seating area that can be converted into a bed as standard mean that the caravan can comfortably sleep up to five people. Extra storage space is created while driving by folding up the lower bunk bed. To increase the number of berths in the Feeling 515, a pop-top roof for two people can be added as an option. Thanks to its compact kitchen including a 3-burner hob and separate sink as well as a large refrigerator with a capacity of 133 litres, preparing meals when on the road couldn't be any easier. The cosy dining area with ample seating is the perfect place to spend time with your family and friends. If more room is needed around the bed, to save space, the table can be lowered into the bed storage space. The spacious compact bathroom can be used for all sorts of different purposes and, in addition to handy storage spaces and a towel rail on the bathroom door, it also features a frosted glass window. A shower can also be fitted on request.

The Eriba Feeling 515 and Eriba Nova Light 515 are available to order now.
