

The new HYMER Grand Canyon S

Grand Canyon S 3.500 kg [4.100 kg] []

Overall length	Approx. 593 cm
Overall width	Approx. 206 cm
Overall height	Approx. 276 cm

Basic price: €89,900

The new Hymer Grand Canyon S boasts an optimised installation concept for greater self-sufficiency when travelling, two new interior designs, as well as simple vehicle controls with the help of the Hymer Connect app.

Main highlights:

- New interior design – like Hymer camper vans on a Fiat chassis – with two style collections: “Ivy Green” with homely felt accents and “Pearl Grey” with a welcoming oak finish
- Premium, thermally-insulating and sound-absorbing felt lining on the side walls, as well as practical multifunctional rails in the kitchen and seating area
- Improved self-sufficiency as standard thanks to the compressor refrigerator and diesel heater (water filter available as an optional extra)
- New, innovative, comfort sleeping system with roll-up mattresses and integrated disc springs
- New four-level lighting concept: ambient lighting throughout the vehicle (dimnable and light temperature can be adjusted; includes reading lights for the multifunctional wall and pendant lamp from the Venture S)
- Improved insulation in the roof and cab areas as well as optimised hot air circulation
- New lithium battery system with 80 Ah lithium as standard (additional 2x80 Ah optional)
- Smart controls using the Hymer Connect app

Comprehensive standard equipment (selection):

- Mercedes-Benz Sprinter 3.5 t – 315 CDI – 110 KW/150 hp – Euro VI-E
- 6-gear manual gearbox ECO Gear
- 71-litre fuel tank
- 16" steel rims (silver) including hubcaps and all-season tires
- 90-litre compressor refrigerator with double hinge for opening in both directions (independent of gas, no restrictions on uneven terrain or at higher temperatures)
- Cooker/sink combination with glass lid (2-burner gas hob) and premium single lever mixer tap
- As it is diesel-powered, the hot-air heating system with boiler cuts gas consumption and increases your self-sufficiency when travelling
- Electric waste water drainage
- Electric parking brake
- Tempmatic semi-automatic air conditioning system
- 7-inch touchscreen for convenient control and monitoring of important vehicle features and components
- Ergonomically optimised seating area with improved lateral support
- Compact bathroom with door and designer folding washbasin made from solid-surface material
- Lattoflex comfort sleeping system: innovative, flexible mattress with integrated disc springs, ensuring the highest standards of sleeping comfort
- Numerous driver assistance systems for a high level of safety and driving comfort
- Fold-out steps to the bed including a storage space partition
- Larger rear storage space including a practical linen drawer

Optional extras:

- Grünbeck water filter
- 1,300 W inverter with 70 A battery charger
- Awning with dimmable LED lighting
- Table in the seating area can be lowered for bed conversion, pull-out table extension included
- Pop-top roof in the same colour as the vehicle (maxi double bed including comfort sleeping system)
- 2 x 95 W solar panels (in conjunction with optional pop-top roof)
