

The new HYMER Grand Canyon S CrossOver

Overall length	Approx. 593 cm
Overall width	Approx. 203 cm
Overall height	Approx. 276 cm

Basic price: €130,900

When it comes to design, comfort and self-sufficiency, the Grand Canyon S CrossOver special edition model is setting new standards. The intuitive control of the vehicle features using the Hymer Connect app makes life easier for first-time campers.

Main highlights:

- New exterior design with “Tenorite Grey Metallic” exterior paint finish and exclusive CrossOver decals
- Interior design featuring the “Ivy Green” style collection with homely felt accents
- Premium, thermally-insulating and sound-absorbing felt lining on the interior side walls, as well as practical multifunctional rails in the kitchen and seating area
- Optional “Lund Leather” special upholstery (with neon green accents and premium honeycomb design)
- Improved self-sufficiency features as standard
- Smart control possible using the Hymer Connect app
- New, innovative, comfort sleeping system with roll-up mattresses and integrated disc springs
- New four-level lighting concept: ambient lighting throughout the vehicle (dimmable and light temperature can be adjusted)
- Reading lights for the multifunctional wall with pendant lamp from the Hymer Venture S
- Improved insulation in the roof and cab areas as well as optimised hot air circulation
- New lithium battery system with 4x80 Ah lithium batteries as standard and accurate remaining battery percentages in the HYMER Connect app as well as 1x95 W solar panel

Comprehensive standard equipment (selection):

- Mercedes-Benz Sprinter 3.5 t – 419 CDI – 110 KW/190 hp – Euro VI-E
- Four-wheel drive and 9-speed automatic transmission
- 16" off-road tyres and engine protection plate
- 90-litre compressor refrigerator with double hinge for opening in both directions (independent of gas, no restrictions on uneven terrain or at higher temperatures)
- Cooker/sink combination with glass lid (two-burner gas hob) and premium single lever mixer tap
- 6 kW diesel heater with boiler cuts gas consumption and increases self-sufficiency
- Electric waste water drainage, second cassette toilet and fresh water filter
- Ergonomically optimised seating area with improved lateral support
- Compact bathroom with door and designer folding washbasin made from solid-surface material
- Lattoflex comfort sleeping system: innovative, flexible mattress with integrated disc springs, ensuring the highest standards of sleeping comfort
- 7-inch touchscreen for convenient control and monitoring of important vehicle features and components
- Numerous driver assistance systems for a high level of safety and driving comfort (including parking package with 360° camera and Active Distance Assist)
- LED lightbar mounted above the cab (can be coupled with full beam and used in traffic)
- Grünbeck water filter
- Awning with dimmable LED lighting

Optional extras:

- Table in the seating area can be lowered for bed conversion, pull-out table extension included
- Pop-top roof in the same colour as the vehicle (maxi double bed including comfort sleeping system)
- Intelligent inverter with 1,300 W continuous power and integrated charger (70 A) for fast charging capability
- HYMER premium sound system
- Winter package including heated seats and heat-insulating cab
- "Lund" leather combination (with neon green accents and premium honeycomb design)
- 2 x 95 W solar panels (in conjunction with optional pop-top roof)
