

The new HYMER Grand Canyon S 700

Overall length	Approx. 697 cm
Overall width	Approx. 203 cm
Overall height	Approx. 276 cm

Basic price: €95,000

With a length of seven metres, the latest model in the popular Grand Canyon model range is more spacious, making everyday travel more comfortable.

Main highlights:

- No compromising on the amount of space due to the longer vehicle length
- Interior design featuring two style collections: “Ivy Green” with homely felt accents and “Pearl Grey” with a welcoming oak finish
- Premium, thermally-insulating and sound-absorbing felt lining on the side walls, as well as practical multifunctional rails in the kitchen and seating area
- Optional pop-top roof in the same colour as the vehicle
- Ambient lighting with dynamic and individual control of the lighting and light temperature, including reading lights for the multifunctional wall
- Pendant lamp from the Hymer Venture S and atmospheric plinth lighting
- New lithium battery system with 80 Ah lithium batteries as standard (additional 3x80 Ah optional)
- Fully-fledged swivel bathroom combined with premium folding washbasin to make perfect use of the space

- Smart controls using the Hymer Connect app
- Improved insulation in the roof and cab areas as well as optimised hot air circulation
- Longitudinal single beds, each almost two metres in length, as well as a large amount of storage space with a separate wardrobe next to the bed

Comprehensive standard equipment (selection):

- Mercedes-Benz Sprinter 3.5 t – 417 CDI – 110 KW/150 hp – Euro VI-E with 6-speed ECO Gear manual gearbox
- 93-litre fuel tank
- 90-litre compressor refrigerator with double hinge for opening in both directions (independent of gas, no restrictions on uneven terrain or at higher temperatures)
- Cooker/sink combination with glass lid (two-burner gas hob) and premium single lever mixer tap
- Diesel heater with boiler cuts gas consumption and increases self-sufficiency
- Tempmatic semi-automatic air conditioning system
- 7-inch touchscreen for convenient control and monitoring of important vehicle features and components
- Ergonomically optimised seating area with improved lateral support
- Lattoflex comfort sleeping system: innovative, flexible mattress with integrated disc springs, ensuring the highest standards of sleeping comfort
- Numerous driver assistance systems for a high level of safety and driving comfort (including electric parking brake)

Optional extras:

- Grünbeck water filter
- Four-wheel drive
- Awning with dimmable LED lighting
- Table in the seating area can be lowered for bed conversion, pull-out table extension included
- Electric off-road step
- Pop-top roof in the same colour as the vehicle (maxi double bed including comfort sleeping system)
- 2 x 95 W solar panels (in conjunction with optional pop-top roof)
- Intelligent inverter with 1,300 W continuous power and integrated charger (70 A) for fast charging capability
- HYMER premium sound system
