

HYMER TRIUMPHS: DOUBLE GOLD AWARD IN THE READER'S VOTE FOR THE GOLDEN MOTORHOME 2024

- Hymer wins two “Gold” awards in the “Golden Motorhome 2024” readers’ poll conducted by AUTO BILD REISEMOBIL magazine.
- The Grand Canyon S emerged as the winning camper van, while the popular ML-T 580 came out on top in the semi-integrated category.
- The awards were presented at a ceremony in Düsseldorf.

Bad Waldsee, 03. 09. 2024 – From camper vans to luxury liners, motorhomes of all categories are extremely popular with the readers of Auto Bild Reisemobil magazine. In September, the winners of the Golden Motorhome readers’ poll conducted by AUTO BILD REISEMOBIL were chosen for the tenth time. And Hymer made an impression with not just one, but two of its vehicles: The Grand Canyon S emerged as the winning camper van, while the popular ML-T 580 came out on top in the semi-integrated category. The award ceremony was held on Monday 2 September in Düsseldorf.

With over 200,000 readers, AUTO BILD REISEMOBIL is one of the most influential magazines in the camping sector. That's why the Golden Motorhome poll is so eagerly awaited in the industry every year.

The Grand Canyon S wowed the readers with its improved self-sufficiency features and premium equipment. The ML-T 580 also dazzled and really stood out from the competition with its Venture S-inspired design, high level of comfort and the integration of the Hymer Connect app.

"We constantly strive to offer our customers the best possible travel experience by coming up with new ideas and innovative solutions. That's why we're all the more delighted to receive such positive feedback from the camping community," says Dominik Hepe, Head of Product Management Motorhomes at Hymer GmbH & Co. KG.

Designed for a self-sufficient travel experience: The Hymer Grand Canyon S

The improved camper van model is setting new standards where self-sufficiency and design are concerned. Premium panels, a new lighting concept with individually adjustable light temperature and two interior style collections ensure that the camper van feels cosy inside. The Hymer Smart-Battery-Lithium-System ensures a long-lasting power supply, while the 90-litre compressor refrigerator and diesel heater also enable autonomous travel even on uneven terrain or in extreme temperatures.

Maximum freedom: The Hymer ML-T 580

Hymer is setting new standards in motorhoming with the Hymer ML-T 580 and stands for maximum comfort with bags of style and no limits. Customers can choose between various premium style collections and design features, as well as an updated lighting concept. However, it is not only the stylish design of the new Hymer ML-T 580 that is so impressive, so too is the pioneering connectivity for even greater self-sufficiency and freedom when travelling. When it comes to digitalisation, the new Hymer ML-T also makes travel intuitive and comfortable thanks to the connectivity with the Hymer Connect app.

About the Hymer GmbH & Co. KG

Since its foundation in 1957, Hymer has been a household name in motorhomes and caravans “made in Germany”. The company is not only notable for its long tradition and passion for motorhoming, but is also one of the leading manufacturers in the premium sector thanks to its high standards of quality and consistent record of innovation.
