

TRAVEL IN COMFORT AT ANY TIME OF YEAR:

## THE NEW HYMER GRAND CANYON S XPERIENCE SPECIAL EDITION

- For those who love comfort: Hymer presents the new Hymer Grand Canyon S Xperience special edition model.
- Stay connected, even outside Europe: the new 5G WLAN router ensures you always have reception – even on trips outside Europe – and is included as standard for the very first time.
- Based on the features of the Grand Canyon S, the Xperience edition boasts an elegant design, a comprehensive multimedia system and high connectivity.

**Bad Waldsee, 17. 01. 2025** – The new Hymer Grand Canyon S Xperience special edition model is the perfect travel companion for those who don't only want to travel during the summer months. With winter-proof features included as standard, the camper van allows you to travel in comfort at any time of year. Thanks to the Tenorite Grey Metallic exterior paint finish and the Xperience design graphics, the special edition model has a fresh, stylish look that will turn heads wherever the camper van goes. The elegant design is rounded off by the modern interior featuring two style collections: Ivy Green, with homely felt accents, and Pearl Grey, with a welcoming oak finish. When it comes to creating a cosy environment, Hymer has raised the bar here.

The camper van comes with a fantastic range of ready-to-hit-the-road features and is characterised by its exquisite craftsmanship and stylish design. What's more, a 5G WLAN router is included as standard for the very first time, ensuring the highest levels of connectivity on the road.

### **Perfect connectivity thanks to the 5G WLAN router included as standard for the very first time**

Travelling is about experiencing new things. Thanks to the 5G WLAN router and roof antenna included as standard for the very first time, we no longer have to wait to share these experiences with our loved ones back home. Included as part of the Xperience edition package, the cutting-edge 5G WLAN router meets the highest standards and ensures the highest levels of connectivity with superb mobile reception at all times. Even when travelling outside Europe, the dual SIM gives you complete flexibility, as you can conveniently switch between two providers, ensuring that you always have mobile reception.

### **An uncompromising amount of space in a cosy environment**

Thanks to the modern assistance systems, which make even challenging routes a breeze, there's nothing to stop you from heading off on your next trip as soon as you set foot inside the vehicle. The HYMER Connect sensor package not only makes travelling easier, but safer too – the contact sensor detects whenever a window or door is opened and immediately alerts travellers of any suspicious activity via the app. This means that travellers can sleep through the night, safe in the knowledge that their camper van has the best possible protection.

*The Hymer Grand Canyon S Xperience is available from dealers now – with other components and features on request, such as a pop-top roof, an electric off-road step or the HYMER premium sound system.*
