

## MORE SPACE. MORE ATTITUDE. THE HYMER NEW MODELS AT CMT 2026

- **The new Hymer GT-S combines cutting-edge technology, proven reliability, and superior driving comfort with a contemporary interior design – delivering a confident entry into the premium class of motorhomes.**
- **Off-road capability meets comfort: The Grand Canyon S 700 is now also available in the CrossTrail Edition.**
- **Exclusive at CMT: Hymer unveils the Exsis-t 474 Xperience Edition. Compact, lightweight, and highly maneuverable, it impresses with extensive features, generous payload capacity, and attractive price advantages.**

**Bad Waldsee, 16 January 2026** – Hymer will be showcasing three exclusive premieres at the holiday fair CMT 2026 in Stuttgart. From a confident entry into the premium segment to uncompromising freedom beyond paved roads – Hymer’s highlights at CMT 2026 embody smart innovation, maximum comfort, and functional aesthetics. Each model reflects the brand’s commitment to quality, seamlessly blending excellence and design into a truly premium travel experience.

### **The new Hymer GT-S: The best choice. Right from the start.**

The new Hymer GT-S represents a deliberate entry into the premium class – clear in design, uncompromising in function. A thoughtfully planned interior concept features flat flooring, over two meters of headroom, and an optional face-to-face seating arrangement. Precisely coordinated lighting and contemporary material finishes create an atmosphere of calm while giving the interior a sense of spaciousness.

The “Matara Olive” Style Collection combines warm wood accents with a matte olive tone and a modern concrete floor finishing that is minimalist, contemporary, and built for durability. On the exterior, finely coordinated design details and the optional Stone Grey paintwork emphasize the vehicle’s confident appearance.

The chassis is based on the Mercedes-Benz Sprinter with front-wheel drive, delivering a safe, comfortable, and relaxed driving experience. Advanced driver assistance systems,

the 9G-TRONIC automatic transmission, and the active distance assist DISTRONIC PLUS support the driver in every situation, making long journeys effortless. A spacious rear garage with access from both sides provides ample room for sports and travel gear – practical, accessible, and designed for everyday use.

## **Make a statement – on any terrain: The Grand Canyon S 700 CrossTrail Edition Model**

The new CrossTrail Edition model based on the Grand Canyon S 700 expands the successful CrossTrail range with a variant featuring distinctive off-road styling and functional equipment.

The exterior in Stone Grey combined with the bold CrossTrail graphics emphasizes its powerful presence. Inside, the “Tallinn” leather upholstery with orange contrast stitching and a diamond-quilted pattern, adds a sporty, modern touch – inspired by automotive design.

Technically, the edition impresses with robust 18-inch tires, a bumper chassis protected with Raptor coating, and a standard 5G router – ensuring a stable connection even far off the beaten track. An edition for those who don’t just experience independence, but actively shape it.

## **Compact class with added value: The Exsis-t 474 Xperience Special Edition**

The semi-integrated motorhome Exsis-t 474 is Hymer’s flagship in the 3.5-ton class. With an unladen weight of under 3,000 kg, the new special edition offers even greater payload reserves. A black cab, silver body, and an exterior length of 6.59 meters create an automotive look that inspires you to hit the road immediately. Thanks to the integrated driving and living comfort package as well as a solar system, nothing stands in the way of ultimate travel freedom. On the road, the slim, compact design, a flexible Vario bathroom, and comfortable longitudinal single beds deliver outstanding everyday practicality. Visitors attending CMT can secure an exclusive on-site discount of more than €11,000 (German retail price).
