

Retro Chic in Silver: Eriba unveils new Touring Special Edition

- **The new Eriba Touring Silver Edition combines a stylish design upgrade with existing feature packages across five layouts.**
- **Smooth aluminum side panels in “Crystal Silver” and updated interior elements deliver a timeless look in the brand’s signature retro style.**
- **At CMT 2026, Eriba will also present an optional pop-top roof for the Eriba Car.**

Bad Waldsee, 16 January 2026 – Eriba expands its iconic retro range with an exclusive special model, the Touring Silver Edition. A new upholstery fabric, “Seattle Stone,” coordinated cushions, striking concrete-look flooring, and a monochrome exterior in “Crystal Silver” define the fresh design, appealing to enthusiasts who value classic styling paired with contemporary aesthetics. All this in a caravan that has offered intelligently designed living spaces for over 60 years: premium materials, clever storage solutions, and maximum comfort for life on the road.

Thanks to the comprehensive feature packages included as standard, your personal comfort zone is always on board: an ambient lighting concept and the “Tindari” furniture décor set a modern tone, while details such as pleated blackout blinds and a sink cover with integrated chopping board enhance everyday convenience. Alloy wheels, stainless steel bumpers, and distinctive “Silver Edition” badging elevate the exterior, creating a look that is both elegant and enduring.

The Eriba Touring Silver Edition is available in five layouts: 430, 530, 542, 630, and 642. Visitors can experience this new interpretation of the all-time classic firsthand at CMT 2026 in Stuttgart.

Eriba Car now available with optional pop-top roof

The Eriba Car will soon be offered in both layouts (600 & 602) with an optional pop-top roof, available with either manual or electric control. This new feature provides additional sleeping space and enhances comfort and flexibility for every trip.
