

CHECKLIST: CLEAN YOUR RV TO PERFECTION IN 28 STEPS

PREPARATION

*Find a suitable place for cleaning (preferably a special motorhome washing area)
Ensure you have the necessary materials and utensils.*

OUTDOOR AREA

*Carefully clean the roof and remove any stubborn dirt
Clean the outside and loosen stains and dirt
If necessary, maintain the motorhome exterior with wax
Clean the awning with a special cleaner and roll it out to dry
Also clean the awning fabric and spread it out in the fresh air to dry (alternatively, the tent can also be cleaned)
Clean the front screen
If necessary, remove dirt from the remaining windows with acrylic glass cleaner
Check all seals and maintain them with a special pen
Check all hinges and lubricate or repair if necessary
Thoroughly clean the wheel arches and check for rust
Clean the rims*

INTERIOR

Open the windows and ventilate thoroughly

Vacuum all upholstery

Clean the upholstery and cushions, treat stains if necessary and air them outside the motorhome

Vacuum and clean the carpets depending on how dirty they are and also ventilate them outside

Empty all storage compartments, wipe them with a damp cloth, sort out stored items and put them back properly

Thoroughly wipe dust on all surfaces

Clean the inside of the cupboards as well as the fronts and other smooth surfaces with a damp cloth

Depending on how dirty it is, clean the kitchen counter and the stove

Clean the inside of the refrigerator

Treat any leather surfaces with a care product

Unhook the curtains and bring them home to be cleaned

Remove stones from the steps and the running rail on the door and clean them

EXTRA TASKS

Clean the water tank

Sort papers and cards in the glove compartment

Check the emergency equipment (e.g. safety vests, warning triangle, first-aid kit, etc.) for availability and durability
